

CSCU Pathway Transfer A. A. Degree: Social Work Studies
Addendum
and
Justification for Designated General Education Courses

Draft October 16, 2015

The Social Work Studies Transfer Pathway provides a common pathway for students graduating with an A. A. degree from the Connecticut Community Colleges and transferring to one of the CSUs. (Charter Oak does not offer a degree in Social Work.)

The Social Work Studies pathway is not a straight road. First of all, **Human Services** and **Social Work** are, in many ways, very different fields. They have different histories and different purposes. The pathway work group had to balance these two divergent histories and purposes. Secondly, the pathway has to weave together one program oriented toward a 60-credit career degrees in **Human Services** with another program aiming at a 120-credit degree in **Social Work**.

Part of the challenge has been to develop a pathway that serves the needs of students (1) who know they want to transfer into a Social Work program, (2) who are uncertain whether they want an Associate's career HSE degree or a Baccalaureate Social Work degree, (3) who begin working on the career degree and realize they want to continue with a Social Work degree, OR (4) who complete a transfer degree but realize they need HSE certification in order to work instead of/in addition to continuing their education.

The proposed pathway works well for that first category of students, those knowing they want to transfer. For the other students, good, informed advising can help students develop a program of study (particular to each community college campus) that allows the student to hold off making the degree decision until the last moment. That is, it is possible for students to select 45-60-credits worth of classes that fulfill both the HSE Associate degree and TAP Pathway Social Work Studies degree. The TAP co-managers have been working with the pathway representatives from each of the community colleges to see if this is possible on their campus.

Please note. In the proposed Social Work Studies Pathway, line 25 provides a working list of HSE and HSE-related courses from which a student can choose. Including these courses in the pathway ensures the HSE programs remain viable and provides students the needed flexibility enumerated above. The pathway is still waiting on contributions from some campuses. Once those have been received, they will be transferred to the corresponding lines on Templates 1 and 2.

The TAP Social Work workgroup recommends that 4 specific general education courses be designated in the Framework 30. These designated courses are important to the success of our students transferring seamlessly and completing the A. A./B. A. degrees in a timely manner.

ENG 101 Composition: This course is a standard required course for students to complete their Written Competencies in the Framework 30 as well as possible additional general education courses. It is recommended as the Written Communications I course.

MAT 165/MAT 167/MAT 168/MAT 201 Principles of Statistics: This course is required by all CSU Social Work programs and is a prerequisite for the research and methods courses. Because the Framework30 requires only one Quantitative Reasoning course, designating this competency prevents students from needing to take an additional Mathematics courses before beginning their upper-division work at the CSUs.

BIO 115 Human Biology: A lab science course is required by all CSU Social Work programs. Because CCSU specifies a Biology courses, and ECSU specifies Human Biology, designating BIO 115 allows students to begin upper-division work at all CSUs.

SOC 101 Principles of Sociology: This course is required in the Social Work major at CCSU, ECSU, and WCSU; it fulfills a Cognate requirement at SCSU. By designating it in the Framework, students can complete the pathway and then a baccalaureate in 120 credits.

Social Work B.S.

TAP transfer students are required to pass two W-courses. Prerequisites with TAP degree: GPA of 2.5 or above, minimum grade of B in HSE 101/SOC 235.

Application is made for admission to the Department of Social Work in the spring semester prior to the fall semester in which students anticipate enrolling in 300 level social work courses. The Department of Social Work *priority admissions deadline* is March 1. The final application deadline each year is June 1. Students who plan to apply to both SCSU and the BSW Program for a Fall semester date *may need* to complete both admission processes *simultaneously*. For optimal consideration for acceptance into the program, you must express your intent to apply prior to the March 1 priority admissions deadline by emailing the BSW Coordinator.[CB11]

Western Connecticut State University

Complete four-year degree with articulation of community college degree to four-year degree
Social Work B.A.

Social work majors must earn at least a “C+” in all designated major courses to have the course credit apply to the degree program. Students must apply for junior and senior program status following a group advisement session (for potential Juniors in late fall preceding the registration period for spring semester; for potential Seniors in spring semester of the junior year). Transfer students are required to interview with the department chair to arrange for meeting the above criteria.

The Junior standing class is limited to 36 Social Work majors. In the event that applications that meet minimum requirements exceed 36 majors, the 36 students with the top GPAs in Social Work Major Requirements will be given first preference, with university GPA serving as Social Work GPA tiebreaker.
