Curriculum Subcommittee
Minutes (November 15th, 2012)**

Subcommittee Chair: Betsy Dobbs-McAuliffe (Biomolecular Sciences)

Members present:

B. Dobbs-McAuliffe (Biomolecular Sciences), Xiabing Hou (Computer Electronics and Graphics Technology), Thomas Vasko (Engineering), Mark Evans (Physics / Earth Science), Mark Jackson (Curriculum Committee Chair)

Visitors:

Barry Westcott (Chemistry / Biochemistry)
Jacob Kovel (Manufacturing and Construction Management)
Karen Tracey (Computer Electronics and Graphics Technology)

Meeting Called to Order at 12:40pm by B. Dobbs-McAuliffe

I. New Business

Biomolecular Science

- 2.1 Course Addition: BMS 501 Fundamentals of Biomolecular Science
- 2.2 Program revision MASTER OF ARTS IN BIOMOLECULAR SCIENCES
(**approved as a package**)

Chemistry

- 3.2 Course Deletion Chem 111 Introductory Chemistry
- 3.6 Course Deletion Chem 163 General Chemistry II
- 3.7 Course Deletion Chem 164 General Chemistry II Laboratory
(**approved as a package**)

- 3.14 Course Revision Chem 210 Foundations of Organic Chemistry
- 3.15 Course Revision Chem 211 Foundations of Organic Chemistry Laboratory
- 3.16 Course Revision Chem 212 Organic Synthesis
- 3.17 Course Revision Chem 213 Organic Synthesis Laboratory
(**approved as a package**)

- 3.26 Program Revision Major in Chemistry, BS (**approved**)
- 3.27 Program Revision Major in Biochemistry, BS (**approved**)

Computer electronics/Graphics Tech

- 4.1 Course Revision GRT 242 Digital Color Cross-Media Workflow (**approved**)
- 4.2 Course Addition CET 179 Basic Network Administration (**approved**)
- 4.3 Course Addition CEGT 400 Internship and Senior Seminar (**approved**)

- 4.4 Course Revision GRT 342 Screen & Specialty Print Manufacturing **(approved)**
- 4.5 Course Addition GRT 422 Print Distribution Management **(approved)**
- 4.6 Course Revision CET 453 Microcomputers **(approved)**

Earth Science

- 6.11 Course Addition ESCI 470 Extrasolar Planets and Astrobiology **(approved)**
- 6.29 Course Revision ESCI 450 Environmental Geology **(approved)**

Adjourned at 1:27 p.m.

Respectfully Submitted,

Betsy Dobbs-McAuliffe (Biomolecular Sciences)
