5.2 EDTE 314 Applied Learning Theories (K-12 Programs)

5.3 EDTE 316 Principles of Learning (Sec/K-12)

Motion to approve the D designation for Jacob Werblow's sections of EDSC 425, EDTE 314, EDTE 316 approved (Smith/Jackson).

As a reminder to all faculty, the D designation is not automatically placed in Banner. The Registrar must be asked to include the D designation on a particular section each semester that the course is taught since the D designation only appears in the section file. Without such a request, the students will have no ability to discern a D designated course in Banner.
