

TO: Faculty Senate
FROM: Beth Merenstein, Chair, University Curriculum Committee
SUBJECT: Curriculum Committee Report
DATE: 11/14/19

The following items were approved at the University Curriculum Committee meeting of November 13th, 2019

1) Announcements

- a. Course deletion hit list: if it is on the list, it will be deleted.
- b. The next round of curriculum is the final round to make it into the catalog for 2020-2021. Deadline is January 9th, with CLASS dean deadline one week before.
- c. From now on, when you are requesting what you think is a minor change, you will need to copy and paste from the by-laws and highlight the language that documents your request as a minor change.
 - i. By-laws language reads:
 - 1. 4.9.1 Requests for a change in the designator, or number, or title, or cycling pattern or description may be submitted to the appropriate Dean(s) for approval provided that the essential nature of the course is not changed. Any departments affected by said changes shall be notified as well.
 - 2. 4.9.2. Minor program changes may be submitted to the appropriate Dean(s) in cases of a change in designator, number, and/or title of courses listed within that program as a consequence of course revisions, but only if those changes do not change the essential nature of the program. The Dean(s) shall consult with the Chair of the Curriculum Committee before approving any such request.

2) **Minor changes:**

- a. a. MATH: Name change for DATA 514 from Multivariate Statistics to Multivariate Analytics
 - i. Rationale. DATA 514 Multivariate Analytics was the name originally approved by the Dept of Math Sciences back in Spring 2018. Somehow, however, it ended up changed to Multivariate Statistics. We simply want to change it back to what we approved to begin with.
- b. BIO: Program change description: Biology, BS
 - Specialization: General Biology: The specialization in General Biology allows the most flexibility within the Biology BS degree. This pathway is appropriate for those who wish to take a broad approach to their biological education, for students who are interested in multiple areas of biology and would like to keep their post-graduate educational and career options open, and for students who want to customize their degree to have a focus that is not offered in the other specializations. Core requirements are the same for all Biology

specializations, but the selection of Biology electives is unrestricted in the General Biology specialization.

c. MS in Accounting: Name change from "Specialization in Data Analytics" to "Specialization in Business Analytics"

3) Consent Agenda:

Please note the following items can also be viewed under the system dashboard and the Faculty Senate Workflow State here: [Curriculum Dashboard](#)

Item	Type	Name
3.1	Change Course	BUS 594 Independent Study In Business - credits
3.2	Change Course	BUS 598 Special Topics in Business - credits
3.3	Change Course	FIN 560 Commercial Lending - 3 credits
3.4	Change Course	PE 590 Independent Study/Topics in Physical Education - credits
3.5	Change Course	PHYS 125 University Physics I - 4 credits
3.6	Change Course	PHYS 126 University Physics II - 4 credits
3.7	Delete Program	Writing for Teachers Minor (for secondary education English majors only)
3.8	New Course	BMS 460 Pharmacogenetics - 3 credits
3.9	New Course	BMS 560 Advanced Pharmacogenetics - 3 credits
3.10	New Course	CHEM 105 International Field Studies in Chemistry & Biochemistry - 3 credits
3.11	New Program	Business Leadership, Official Certificate Program

Hit list – courses on this list will be removed from the catalog.
