## MEMORANDUM

**To:** Dr. Timothy Craine  
President, Faculty Senate

**From:** Jack Miller  
President

**Date:** April 19, 2006

**Subject:** FS 03-13-11M

I am returning the above referenced Faculty Senate Motion dealing with Curriculum Committee Report of March 2006. I have approved this motion in part and disapproved in part.

Items 4, 5, 6, 7, and 10 are approved. Item 8 is not approved pending the development of a full proposal establishing a Sixth Year Program in Mathematics Education Leadership. Until such time as a program exists for which these courses would be offered, I see no rationale to create and publicize any such course.

**MEMORANDUM**

**To:** Professor Timothy V. Craine  
President, Faculty Senate

Professor Nanjundiah Sadanand  
Secretary, Faculty Senate

**From:** Jack Miller *JMM*  
President

**Date:** May 8, 2006

**Subject:** FS 03-12-11M and FS 04-10-12M

In my memo of April 19, 2006, I indicated that I was not approving establishment of the proposed courses in Mathematics Education Leadership until such time as a full proposal establishing a program in that field were to exist. To date, there has been no such fully vetted proposal that I have seen. The development of a new program should have the informed consent of the Deans of the Schools, the Provost, and the President. Before the University commits resources to a new program, issues such as need for the program and cost of the program must be established and the decision to move forward with the new program must be agreed upon and approved. To date, no such approval has been given. Therefore, it is incorrect to assume that the eight courses are approved. They are not.
