Motion by the Academic Standards committee to revise current language concerning double majors: Passed.

Additions to catalog language regarding double majors – double majors do not require a minor. Change is in italics below.

Page 36. As part of their undergraduate degree programs, students may complete a second major. To have a second major notation on the official transcript, students must complete a “Second Major” form, available at the Registrar’s Office, which requires the declaration of the primary major, the student’s degree program, and the requested second major. Students seeking teaching certification must earn a B.S.Ed. degree and list their teacher education subject matter as their primary major. *No minor is required for students completing a double major.*

Pg 45 A minor — a secondary field of study (between 18 and 24 credits) — is required for certain majors. *No minor is required for students completing a double major.* Although minor requirements and exceptions to that requirement are specifically noted in the individual program listing, students should consult with their advisors regarding the requirement of a minor. When taken in conjunction with a major area of study as part of the Bachelor of Science in Education, students completing certain minors may be eligible for an additional certification endorsement in that content area. The minimum number of credit hours required to qualify for an additional certification endorsement in the minor area of study is based on Connecticut State Department of Education Certification Regulations and may exceed University credit hour minimums.
