

## **Student Affairs Committee Report**

Committee Members: Jason Sikorski (Chairperson), Joanne DiPlacido, Vivian Martin, Katherine Sugg, Sue Sweeney, Scott Hazan, Laura Tordenti, Eric Bergenn, Elizabeth Braun, Megan Palluzzi, Zachary Taylor

The mission of the Student Affairs Committee, according to the CCSU Faculty Senate webpage, is as follows:

The Student Affairs Committee informs the Faculty Senate of new co-curricular interests of students. The Student Affairs Committee provides a forum through which Student Affairs may consult and inform faculty on student life areas, policy, and procedures. The aim is to gain faculty perspective and enhance faculty knowledge of student life initiatives and services. The Student Affairs Committee also advises the President regarding the establishment and recognition of student organizations.

The committee met five times during the current academic year (Fall 2012-Spring 2013). Our committee has discussed a number of potential plans for the future designed to inform faculty on student life areas, policies and procedures. Most recently, during our meetings, discussion has focused on potential strategies to utilize in communicating information to FYE faculty regarding student clubs available on campus.

Consistent with the primary mission of the Student Affairs Committee, our members devoted most of their time to recognizing the following student organizations on campus:

Film Club  
Neuroscience Club  
Tea Club  
Deuces Wild  
Insurance, Banking and Financial Services  
Women's Volleyball Club  
Soccer Club  
Food For Thought  
Public Policy Club  
Long Boarding Club  
Musical Club

Please note that our committee will be meeting once more during the current academic year on April 18, 2013. As such, it is likely that 3-5 additional clubs will be applying for recognition at this time.
