

The chair of the Academic Assessment Committee, Professor James Mulrooney, requests that the Faculty Senate add one additional member to the committee: Jason Snyder, of the Department of Management Information Systems, for the academic year 2014–15. The committee currently has no member from the School of Business, and Professor Snyder has volunteered to serve on the committee in an interim fashion, until a member from the School of Business is elected in the Spring 2015 regular committee election. This is allowed by Article 2.13 of the Bylaws of the Faculty Senate.
