

Sabbatical Leave Committee 2015-16 Annual Report to Senate

The Sabbatical Leave Committee duly reviewed all 29 submitted applications and held interviews with all applicants who wished to have an interview. Unfortunately, there were only 24 available sabbaticals allotted to CCSU. To maximize the likelihood that his or her sabbatical application is successful in years where there are not sufficient sabbaticals for the number of deserving candidates, applicants are reminded to follow the published guidelines and to address their proposals to an audience not made of experts in their area of study.
