Re : The Board of Regents Research Award Committee 2017 Annual Report

Dear Faculty Senators,

The Board of Regents Research Award Committee reviewed five nominations for the Research Award. All of the nominees have been doing excellent research and we are very proud to have colleagues like them.

The Board of Regents Research Award Committee recommend that **Prof. Linda Reeder** to be the recipient of the Board of Regents Research Award.

The name of the nominee was submitted to the Provost office on December 15, 2016

Best

Board of Regents Research Award Committee

Joseph Farhat - Chair
