

EBENEZER D. BASSETT STUDENT ACHIEVEMENT AWARD

The CCSU Man Enough Support Initiative is now accepting nominations for the 2017 Ebenezer D. Bassett Student Achievement Award. Each year, the Ebenezer D. Bassett Student Achievement Medal is bestowed upon a CCSU male student who is identified for his pursuit of excellence. Over the past six years, we have given out over 175 recognition awards. This award was created as a vehicle to recognize and inspire the achievements of CCSU male students.

Central Connecticut State University's HEALTHYfellows will host its 6th Annual Ebenezer D. Bassett Student Achievement Award Ceremony on Wednesday, April 20, 2017. The event will take place on the historical Central Connecticut State University Campus (Founders Hall, Davidson Hall at 6:00 PM).

It is our hope to celebrate the accomplishments and achievements of college men who are striving to make healthy and meaningful contributions to society. For more information about this program, please contact: Joseph Kierwiak at joe.kierwiak@my.ccsu.edu.

Nominations can be made in one of the following recognition categories:

1. Scholastic Achievement
2. Professional Achievement
3. Leadership / Community Service
4. Humanitarian
5. Courage & Compassion

We strongly encourage you to participate in our retention effort by nominating male students for this recognition award. We have many men who are excelling academically, personally, and (or) professionally. Consider partnering with us as we attempt to highlight the success of college men, while inspiring them to reach their human potential. This award exists as a response to closing the gender achievement gap.

You can nominate a student individually or collectively with other faculty, administrators, and (or) students. The deadline for submitting nominations is Friday, February 24, 2017.
