Re : The Board of Regents Research Award Committee 2018 Annual Report

Dear Faculty Senators,

The Board of Regents Research Award Committee reviewed three nominations for the Research Award. All the nominees have been doing excellent research and we are very proud to have colleagues like them at CCSU. After careful consideration of each application, the committee made the following recommendation:

The Board of Regents Research Award Committee recommend that ***Prof. Reza Ghodsi*** to be the recipient of the Board of Regents Research Award for 2018.

The name of the nominee was submitted to the Provost office on December 12, 2017

Best,

Board of Regents Research Award Committee

Joseph Farhat - Chair
