Dear Faculty Senate:

As Chairperson of the Faculty Senate Library Committee I am formally requesting to add two previous members to the committee.

Elizabeth Brewer (English) and Robbin Smith (Political Science) have served on the committee in the past and have proven to be valuable members contributing in many ways. Last year, the committee provided the first ever, all-university Library Liaisons Luncheon. Both Drs. Brewer and Smith were instrumental in planning this event and its success has encouraged the committee to conduct two this year. Their input and skills would be extremely helpful in expanding this project as well as conducting two.

Further, President Toro is scheduled to visit the Faculty Senate Library Committee as an action plan item that was approved and supported by Faculty Senate in the fall of 2017. Dr. Brewer has already been communicating with the President's Office in scheduling her visit and the planning of this meeting. I would like her to be able to see this project to fruition.

Please consider allowing both Dr. Brewer as well as Dr. Smith to re-join the Faculty Senate Library Committee effective Fall 2017.

Thank you for your consideration,

Amy G. Gagnon, EdD
