President Zulma Toro

**Undergraduate Detective Certificate Program
Criminology and Criminal Justice
Admission Process**

Background Information:

We have developed an undergraduate certificate program that has passed the University curriculum process and we are working with various departments in the University to ensure that all aspects of this new venture are considered. Below is the admission policy for the Detective Certificate program as well as admission issues that relate to current students and non-matriculated students.

Online application through the University Office of Admissions

In-state tuition process remains the same.

There is no common application or collegenet application.

Required items:

- Submit an online application form that is on the Admissions Office webpage
- Completion of the Basic Detective Certification
- Highschool transcripts
- College transcripts
- Non-refundable application fee

Admission to the Detective Certificate program is separate from the BA degrees. Students can apply to the Detective Certificate program using the above criteria. They can then use the reactivation form to apply to the University if they wish to pursue a bachelor's degree.

Current CCSU students must seek approval from the program coordinator to take courses in the Detective Certificate program. A separate application/petition for these students will be available through the Criminology and Criminal Justice department.

Non-students that do not have the Basic Certification must seek approval from the program coordinator in order to take courses ~~admission~~ as a non-matriculated student.
