

Monday, June 15

Dear CCSU Faculty Senate Steering Committee:

I write as co chair of the Library Faculty Advisory Committee to report on the 2019-2020 academic year. We met once per month throughout fall and the first two months of spring before moving online in March of 2020. In the fall, our two objectives were to become involved in the Library Annex Building Project and to update our Library User's Guide (attached here). The Library Annex planning committee is now underway and will have representation from the advisory committee during every week it meets throughout the summer and into the fall.

In the spring, we began planning a campus outreach event that would allow the library to celebrate faculty research and achievements and host a conversation about how faculty can best use the library's resources for teaching and research. Since we were not able to gather people in person, we will go back to Microsoft Teams in the fall to continue planning, but for a virtual event. We also worked to collect and circulate information about how the Library can best serve us remotely (see attached here).

We wish you all the best during this difficult time. We as a committee look forward to continuing to serve the Senate and the Faculty – online or on ground – in Fall of 2020.

Respectfully submitted,

A handwritten signature in black ink that reads "Aimee Pozorski". The signature is fluid and cursive, with a long horizontal flourish at the beginning.

Aimee Pozorski, co chair of the Library Faculty Advisory Committee, representing:
Charles Menoche, co chair; Brian Osoba; Jason Snyder; Elizabeth Brewer Olson; Amy Gagnon; Michael Wizewich; Carl Antonucci (ex officio)
